

Twin Quilts for Homeless Teens.

The quilt size for the Twin Quilts for Homeless Teens should measure 66 inches x 108 inches, the quilts will then fit a long twin, which is the size bed used in the dorms used for this program.

A suggested pattern that is quick would be Turning Twenty, designed by Tricia Cribbs. This is a very simple and quick quilt pattern for Quilters with a variety of skill levels. Another very easy and quick pattern I found is from the Prairie Point Junction Quilt Shop in Cozad NE, the pattern is called Pineberry Star, the link to the pattern is:

<http://www.prairiepointjunction.com/freepattern2.html> .

Other options would be to incorporate those orphan blocks into a 1 of a kind quilt as a sampler quilt.
